

## HEALTH, SAFETY AND ENVIRONMENTAL POLICY

The policy of **M/s J. KUMAR INFRAPROJECTS LIMITED** is to conduct our construction business through a well-established Safety, Health and Environment Management System at the provision of Design & Engineering procurement, Construction, Consultancy and related services for infrastructure projects including Bridges, Flyovers, Metros, Buildings, Roads and Structures according to the client specified requirements which are not only safe for use but also have been produced without compromising on Safety, Health and Environment standards.

We strive to continually improve the effectiveness of the Safety, Health and Environment Management System by:

- ⇒ Adopting and Implementing environmentally responsible and safe working practices, methods and standards.
- ⇒ Comply with legal requirements and take into consideration the Safety, Health & environment within J. Kumar Infraprojects Limited premises.
- ⇒ Institutionalizing the effective and efficient waste management system by reduction, recycling and reuse techniques.
- ⇒ Avoiding, reducing and controlling of pollution, injury and ill health.
- ⇒ Prevention of accidents related to men, materials and machines.
- ⇒ Promoting awareness amongst our employee, subcontractors and customers for enhancing the well-being of personnel and the environment.
- ⇒ Providing and maintaining sound occupational Health standards to all our employees.
